SUMMARY

MCA student with internship experience in AI software development and hands-on experience building scalable web applications. Proficient in Java, Python, and SQL, with a strong foundation in backend development, machine learning, and database management. Passionate about problem-solving and contributing to impactful projects as part of a collaborative team.

SKILLS

Programming Languages: Java, Python, C, C++, JavaScript

Web Technologies: HTML, CSS, JSP, Servlets, Flask, Django

Database: MySQL

Tools & Version Control: Git, VS Code

Concepts: Machine Learning, Artificial Intelligence (AI), Backend Development

EXPERIENCE

Inspite Technologies Pvt. Ltd. | AI Software Developer Intern | May 2026 - Jul 2026

- Worked on a live client project, contributing to backend development, testing, and feature implementation.
- Successfully implemented assigned features, tested functionality, and delivered tasks within project deadlines.
- Served as Group Lead for the Content & Backend Team, coordinating content strategy and backend development tasks.

PROJECTS

SkillSwap Campus | Java (Servlets, JSP), MySQL, HTML, CSS

- Built a peer-to-peer skill exchange platform for students and faculty with role-based authentication and session management.
- Designed and implemented a 10+ table MySQL database, aligning the platform with SDG 4 goals.

Credit Card Fraud Detection | Python, Flask/Django, MySQL, HTML, CSS

- Developed a machine learning model in Python to detect fraudulent credit card transactions using location and spending-pattern features.
- Integrated the machine learning model with a Flask/Django backend and MySQL database.

Recipe Meal Planner | Python, Django, MySQL, HTML, CSS, JavaScript

- Built a Django web application that recommends recipes and auto-generates weekly and monthly meal plans and grocery lists.
- Integrated a MySQL database to manage user preferences, recipes, and generated plans.

EDUCATION

Saintgits College of Engineering (Autonomous) | Master of Computer Applications (MCA) | Aug 2025 - Present

Assumption College Autonomous, Changanassery | Bachelor of Computer Applications (BCA) | May 2025

NSS HSS, Karukachal | Higher Secondary | May 2022

St. Shantal's High School, Mammood | Secondary School | May 2020

CERTIFICATIONS

- Internship Completion Certificate - Inspite Technologies Pvt. Ltd.
- Crash Course in Python
- SAP FI and CO, Business Edition
